

CHRISTINE HAMILTON

27 | OPEN INVITATION

For owners who love to entertain, this combined kitchen and indoor/outdoor living space is a dream come true. It certainly meets the owners' brief for "no beige, no rustic timber and nothing frilly". Interior designer Christine Hamilton felt the need to soften the hard edges with furnishings that would encourage the family to sit and relax. The marble dining table inspired the colour scheme, with accents in the palest green for cushions and upholstery.
